

#### Version 2.0.0.33

#### Overview:

The new version 2.0.0.33 contains a major coverage release. Also provided are selected highlights of new features, fixed defects reported by technician, and improvements. You may notice many more in the software that are just too numerous to identify individually. Many thanks for the useful feedback we are receiving. More coverage and enhancements on the way!

# **Did You Know?**

Performing a throttle relearn on GM throttle-by-wire vehicles can be done with your scan tool.

To perform a throttle relearn on a 2008 Silverado 5.3L for example, select and run the Idle Learn Reset test. Then start the engine and allow the ECM time to begin to learn. Clear any DTCs. In some cases it may be necessary to drive the vehicle before normal idle speed returns.

Additionally, the scan tools support Throttle Sweep and Throttle Position tests to verify proper operation of throttle components.

Throttle relearn can also be done without a scan tool, essentially by letting the vehicle idle in park for several minutes and allowing time for the ECM to learn. See appropriate service information for vehicle specific procedures and details if you wish to perform a throttle relearn in this way.

#### **New VCI Driver:**

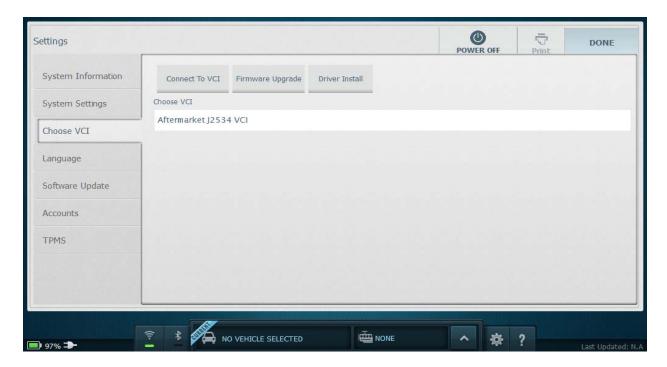

The VCI Driver has been updated. During the Genisys Touch internet update process customers will be prompted with the Windows security question as shown below, Customers have to choose the "Install" option.

It is strongly recommended to check the box, Always trust the software from "Service Solutions US LLC" or you will receive this message for every update and may miss a critical installation.

By any chance if you miss to choose "Install" option during the web update process, go to "Settings > Choose VCI > Driver Install" as shown below, customers will be prompted with the Windows security question again and this time please choose "Install" option. Your driver will not be updated until you choose "Install" option.

IMPORTANT: Vehicle communication will not work until the driver is updated!
