

High Performance Bottle Jacks

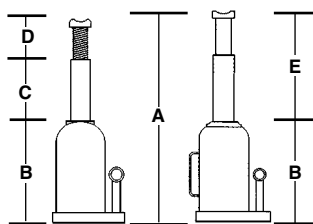

- Base, pressure cylinder, and oil reservoir form one internal part, which results in a stronger jack.
- Piston never contacts cylinder, so pressure will be absorbed and not damage jack if vehicle tilts.
- The Nos. 5213T and 5221T are telescopic, allowing for very low initial height with high lifting.

No. 5213 – 12-ton bottle jack. Wt., 17.6 lbs.

No. 5221 – 20-ton bottle jack. Wt., 26.6 lbs.

No. 5213T – 12-ton telescopic bottle jack. Wt., 37.4 lbs.

No. 5221T – 20-ton telescopic bottle jack (not shown). Wt., 48.4 lbs.

Bottle Jack Dimensions

Jack	A	B	C	D	E
5213	17-3/4	8-7/8	5-7/8	2-15/16	
5221	18-1/16	9-1/4	5-7/8	2-15/16	
5213T	22-1/2	9-5/8			12-13/16
5221T	15-1/8	7-1/16			8-1/8
