

INTRODUCING OTC 3896 EVOLVE POWERED BY BOSCH

- ✓ ON-TOOL WIRING DIAGRAMS
- ✓ INDUSTRY-LEADING LIGHT-DUTY DIESEL COVERAGE
- ✓ WIRELESS TO THE VEHICLE
- ✓ J2534 REPROGRAMMING

EVOLVING DIAGNOSTIC SOLUTIONS

Evolve is a professional diagnostics repair suite from OTC and Bosch. Look at codes, PIDs, data sets and likely repairs without ever leaving the vehicle. Evolve connects directly to Identifix, iATN and other repair networks and forums to help you fix faster at the vehicle*.

The Bravo 3.0 software is easy to use and fast. AutoID most CAN vehicles in less than 5 seconds. Access on-tool repair information almost instantly to test and fix more vehicles faster. Includes one year of diagnostic updates, giving you more coverage, tests and repairs.

EXCLUSIVE ON-TOOL WIRING DIAGRAMS

Exclusive on-tool wiring diagrams for most vehicles 1986 and newer help you locate trouble components to test or replace.

Wireless vehicle communication

Dual WiFi architecture keeps you connected to the vehicle and shop Internet connection to access troubleshooting and repair info.

J2534 reprogramming capable**

The included wireless VCI doubles as a powerful J2534 pass-through device, expanding your shop's ability to fully service and reprogram customer vehicles.

Identifix on-tool

Direct-linking to Identifix for most diagnostic codes. OTC automatically transfers YMME to help you diagnose and fix with accuracy and confidence.

* Must have active subscription status with Identifix or iATN.

** Compliant with top 6 manufacturers. Reprogramming requires additional Windows-based PC and OEM software, purchased separately.

EVOLVE PROFESSIONAL DIAGNOSTIC SCAN TOOL

Rugged, 10.4 inch screen is the industry's largest and brightest

Reprogram emissions-related ECUs with the included J2534 vehicle interface. ¹

30 years special tests, troubleshooting and repair information.

Access Direct-Hit™, Code-Assist™, Symptom-Assist™ and Repair-Trac™ information for every code, on the tool. ²

Bravo 3.0 runs on the Android operating system for fast processing and vehicle communication.

Tap each DTC for access to millions of confirmed fixes

Dual Wi-Fi architecture keeps you connected to the vehicle and the Internet for faster diagnostics.

AutoID most CAN vehicles in less than 5 seconds, including YMME.

Includes free 60-day trial of Identifix Direct Hit™.

Exclusive on-tool wiring diagrams for most vehicles 1986 and newer.

¹ ECU reprogramming requires separate PC and OEM software, purchased from the manufacturer.

² Access to repair information dependent on available information from Identifix systems

FIX CARS FASTER

3893 Encore

The OTC Encore diagnostic system with Identifix® is fastest at what counts - fixing vehicles. No tool is faster from code to fix, pulling the DTC and showing the likely repair.

- Fastest from code-to-fix
- 7" screen
- Powerful, fast Android operating system
- Ultimate online and on-tool repair suite

Vehicle coverage & features on both the Encore & Evolve

- Best-in-class vehicle coverage
- Key and remote reprogramming procedures for vehicle and transmitters for remote controlled alarm, central locking and immobilizer systems
- Battery disconnect procedures for vehicles that have had battery service, replacement or loss of electrical power
- Optional 3834 TPR kit with Bluetooth wireless TPMS performs sensor ID transfer
- Optional HD Standard 3895-07 kit includes Class 4 – 8 vehicle coverage

ELITE DIAGNOSTICS

3896 Evolve

As modern vehicles become increasingly complex, OTC diagnostics, powered by Bosch, continues to evolve. The flagship tool includes a wireless VCI, J2534-capable device, larger screen and exclusive full-system wiring diagrams.

- 10.4" high-resolution screen reduces glare
- Powerful, fast Android OS
- Dual WiFi architecture provides a secure, wireless VCI connection and reliable Internet connection. Move freely around the vehicle and shop with confidence.
- Includes full system wiring diagrams, not offered on any other scan tool in the market
- Includes tablet docking station and backpack for increased battery life, performance and safe storage
- Includes J2534 compatible device for emissions-related ECU reprogramming and reflash.
