OTC debuts Motorcycle Tools catalog

First-time expansion into motorcycle and ATV tool category

Owatonna, Minn. – OTC tools has released its Motorcycle Tool catalog, the company's first tool catalog specifically for motorcycle and ATV service, featuring more than 150 tools. The inaugural catalog contains a growing number OTC tools adapted for and specially designed for motorcycle and ATV use, including:

- Full line of Engine/Fuel/Oil
- Driveline/Transmission
- Wheel/Brake
- Chassis/Body
- Electrical

“With the addition of motorcycle tools, and continually adding tools to this category, we’re increasing our ability to provide technicians with everything they may need to service a motorcycle,” said Marc Rosone, Director of Product Management, Bosch Automotive Service Solutions. “The expansion is huge for our company, and reflects our goal of meeting our customers’ demand while providing them with quality tools for nearly any job.”

The Motorcycle Tools catalog can be ordered on the OTC Tools website, www.OTCTools.com, or by calling XXX.XXX.XXXX.
